

Application No. 10/066,760  
Reply dated September 1, 2004  
Response to Office Action dated April 1, 2004

**REMARKS**

The objection to Claim 9 has been addressed.

Like, reconsideration of the rejection of Claims 8 and 10 under 35 U.S.C. §103(a) is respectfully requested on grounds that applicants propose to add the features which, at page 5 of the Office Action, imply that Claims 8 and 10 would be rendered allowable with their specific recitations. Accordingly, entry of those proposed amendments which clearly do not raise new issues is requested.

An early and favorable action is earnestly solicited.

If there are any questions regarding this amendment or the application in general, a telephone call to the undersigned would be appreciated since this should expedite the prosecution of the application for all concerned.

If necessary to effect a timely response, this paper should be considered as a petition for an Extension of Time sufficient to effect a timely response, and please charge any deficiency in fees or credit any overpayments to Deposit Account No. 05-1323 (CAM #056203.49702DV).

Respectfully submitted,

September 1, 2004
